

**Aberdeen, Highlands and
Inverness Section
(with Thistle Dental Academy)
Challenges, recognition, and
management of oral lichen planus
Wednesday 26 March 2025**

This session will provide an overview of the challenges faced by those involved in the recognition of oral lichen planus and provide information to support them in the management and liaison with specialist services for this condition.

Learning objectives

- Refer accurately to specialist services
- Treat patients with first line topical corticosteroid preparations for short-term management
- Strengthen awareness of the risk of malignant transformation.
