### What to expect

This evening event suitable for the whole dental team will be an opportunity to understand common mistakes in dentistry which affect the outcome of treatments for denture-wearing patients.

As an experienced dental technician, Dean, will be discussing common errors in everyday practice and how to provide better treatments for our patients and learn to enjoy making dentures.

### Dean Ward

Dean is the Director of Innovate Dental Laboratory and has 27 years of experience. He is an Ivoclar certified trainer and key opinion leader.

Dean is BPS Technical and Clinical Trainer and member of the Dental Technicians Guild. He has particular interest in removable and full arch implant prosthetics.
