

Paediatric dentistry

Wednesday 2 October 2024

1 hour 30 mins CPD

Development outcome (A) (B) (C) (D)

How can we provide the best dental care for our children and young people in GDP, PDS and the HDS?

Aim

This event will provide an opportunity to review the current dental models of care for children and young people.

Learning objectives

- Discuss the challenges faced in providing NHS children dental services in general dental practice
- Consider the current PDS and HDS services available on referral
- Debate clinical cases, demonstrating the pathways and options available for managing challenging clinical situations in children's dentistry.
