

An update from CQC 2026 and Beyond...

Rob Middlefell
CQC National Professional Adviser

Regulation supporting primary care

1. Always putting people and patients' interest at the heart of what we do
2. Making systems and processes the least burdensome for those being regulated
3. Being mindful of the context in which people are doing their work
4. Careful that we are proportionately applying our regulatory powers

Bola's Vision and Purpose

Exceptional quality healthcare for all through equitable access, excellent experience and optimal outcomes.

2026

1. Current 10% model likely to remain for some time.
2. Expect an inspection if it's been a while (10 years or so)
3. More use of technology
4. Publication of documents to guide providers and help them be organised for an inspection.

Hot Topics

1. LD and Autism
2. Risk assessment, mitigation and review
3. IRMER and IRR
4. Face to Face Learning vs Online
5. Policy reflects Practice
